

# SOIL HEALTH CARD / मृदा स्वास्थ्य कार्ड

Department of Agriculture, Cooperation & Farmers Welfare  
Government of India / State Govt. of Uttar Pradesh

## 1. FARMER DETAILS / किसान का विवरण

- Farmer Name (किसान का नाम):** Ramesh Kumar
- Village (गाँव):** Bhopal Nagar
- District (जिला):** Lucknow
- State (राज्य):** Uttar Pradesh
- Mobile No:** (Not Provided)

## 2. SAMPLE DETAILS / नमूना विवरण

- Sample ID:** SHC-2024-UP-12345
- Sample Collection Date (दिनांक):** 15/10/2024
- Testing Lab (प्रयोगशाला):** Krishi Vigyan Kendra
- Irrigation Status:** Rainfed / Irrigated
- Crop Cycle:** Kharif / Rabi

## 3. TEST RESULTS / परीक्षण परिणाम

### Physical Parameters (भौतिक पैरामीटर)

| Parameter (पैरामीटर)         | Test Value (मान) | Unit (इकाई) | Rating/Status (स्तर) |
|------------------------------|------------------|-------------|----------------------|
| pH (Soil Reaction)           | 7.2              | -           | Neutral (Normal)     |
| EC (Electrical Conductivity) | 0.45             | dS/m        | Normal               |
| OC (Organic Carbon)          | 0.58             | %           | Medium               |

### Primary Nutrients (मुख्य पोषक तत्व)

| Parameter (पैरामीटर) | Test Value (मान) | Unit (इकाई) | Rating/Status (स्तर) |
|----------------------|------------------|-------------|----------------------|
| N (Nitrogen)         | 245              | kg/ha       | Medium (मध्यम)       |

|                |     |       |                |
|----------------|-----|-------|----------------|
| P (Phosphorus) | 18  | kg/ha | Medium (मध्यम) |
| K (Potassium)  | 195 | kg/ha | Medium (मध्यम) |

Secondary Nutrients (द्वितीयक पोषक तत्व)

| Parameter (पैरामीटर) | Test Value (मान) | Unit (इकाई) | Rating/Status (स्तर)  |
|----------------------|------------------|-------------|-----------------------|
| S (Sulphur)          | 12               | ppm         | Sufficient (पर्याप्त) |

Micro Nutrients (सूक्ष्म पोषक तत्व)

| Parameter (पैरामीटर) | Test Value (मान) | Unit (इकाई) | Rating/Status (स्तर)  |
|----------------------|------------------|-------------|-----------------------|
| Zn (Zinc)            | 0.72             | ppm         | Sufficient (पर्याप्त) |
| Fe (Iron)            | 5.8              | ppm         | Sufficient (पर्याप्त) |
| Cu (Copper)          | 0.35             | ppm         | Sufficient (पर्याप्त) |
| Mn (Manganese)       | 3.2              | ppm         | Sufficient (पर्याप्त) |
| B (Boron)            | 0.62             | ppm         | Sufficient (पर्याप्त) |

4. RECOMMENDATIONS / सिफारिशें

- General Advice:** Based on the "Medium" levels of N, P, and K, standard fertilizer application is recommended to maintain soil fertility.
- Organic Matter:** The Organic Carbon level is 0.58% (Medium). Farmers are advised to incorporate Farm Yard Manure (FYM) or compost to improve soil texture and water retention.
- Micronutrients:** Since all micronutrients are in the "Sufficient" range, no specific micronutrient fertilizers are required for the current crop cycle unless deficiency symptoms appear.
